

24-5919

Mallet, 28mm Ø, 370 G

- Linen Phenolic Handle
- 370 gram total weight
- 28mm diameter striking head
- Component of Deluxe and Standard Shoulder Sets, 24-8001 and 24-6001

Head and supporting shaft are bonded stainless steel for strength and durability. Linen phenolic sleeve on the handle lessens the instrument's weight, reduces the heat transfer rate when picked up and provides the surgeon with a sure and comfortable grip.
