

56-1050

Periarticular Bone Clamp 160mm

- Length 30.5 cm
- Operating range of 70 mm to 160 mm
- Threaded spinlock
- 725 grams
- Spiked ball tips

Periarticular Bone Clamp, 30 cm long with jaw opening up to 165 mm. Ball tips at pincer ends facilitate easy bone purchase while limiting penetration. Speednut adjustment provides easy infinite adjustment of jaw opening over a finite range.
